

Dear year 6 student, (soon to be year 7)

Hi I'm Aunelie and I'm in 7S in our form we study French and Spanish for our languages. Getting to school can be easy I take the train but you can take the bus or just drive or walk. When I first started I was pretty nervous because even though I had people coming from my school I was worried on making friends but when I went to the summer school I met so many nice people, but coming on the first day I met a lot more people in my form or just in general. One of the things I was most excited about was starting fresh and making new friends and taking the train was quite exciting too. I would recommend going to any  $\$$  sports related clubs because they're all really fun. I think one of this biggest challenges was just making new friends but most you really don't need to worry about because it's a great school. When you are in year 7 you get the chance to go to Edlington, and I would recommend to go because it's an incredible experience you should try ~~to~~ <sup>because</sup> you will remember for life. And you get to be in a room with all your friends and all the activities are so much fun. For my top three tips would be to just be yourself, don't worry about making friends<sup>in</sup> and have fun.

Dear Year six,

My name is Jojo, I am in form 7s and am learning spanish and french. When I first came to the Anglo I was worried. Worried about the journey I would have to take, worried about the friends I would make and worried about how hard the work was. Although it took me a bit of time, those worries soon disappeared and I have settled in extremely well.

I guarantee that the same thing will happen to you.

Here are my favourite things about my first year at Anglo European.

- Ebbingham, ~~we~~ we went to a chocolate factory, a bakery and even ate snails!
- Clubs, I especially enjoy chess, ~~and~~ film, ~~and~~ cricket and table tennis.

• Languages

• History

You are going to have a fantastic time, good luck!

From

Jojo ☺

Dear future year 7's,

My name is Jack and I am in <sup>form</sup> 7S, soon to be 8S, if I study french and spanish because I think that they will be useful and widen my knowledge in life. When I first started Anglo I was nervous about not knowing where my lessons would be but the teachers helped me to find my way around. I was most excited about the sporting opportunities and how I can represent the school in them and I was not let down. My favourite <sup>lesson</sup> ~~part~~ this year has been P.E because of the wide amount of sports and clubs you get to do. I haven't joined many clubs but from the ones I have they have all done. I highly recommend going to Ebbingham because of all the fun activities and to have fun with your friends, my favourite part was going to the french chocolate factory and buying a delicious chocolate bar.

Hi my name is Ava, I am in 7S and I study French and Spanish. Anglo is a great school and everybody was so kind and welcoming when I joined so hopefully you will feel the same way. When I first joined I was really nervous about the work being too hard and not being able to make friends but I found friends easily and the teachers were so nice and helpful. I was really excited about the food and it's so much better than primary. My favourite subject has been P.E science I am very sporty and its really fun. I have joined the netball team and I went to athletics. I would definitely recommend joining a sports team as it's a great way to make new friends. I went to Eoolingham this year and I was really fun. I was in a room with all my friends which I was very happy about. I enjoyed going to the aquarium and the snail farm but my favourite part was when we got free time to wander around markets and shops. The teachers were also really nice and kind. If you are worried about getting lost - don't be it's really simple to find your way around and you'll be familiar with the school within the first week. I hope you like science because we do alot but on the plus side you don't have to do maths everyday. There's nothing to be worried about so please don't and I hope you enjoy your time at the Anglo !!   

Dear new year 7's

Hello, my name is Patricija, I am in the form 7S and I study Spanish & French although I hope to get Japanese in yr8. When I first joined Anglo I noticed alot of people came here alone so start to make friends before everyone has friend groups and stuff, also the school might seem huge but after a couple of days you will know it like the back of your hand. I was most ~~exide~~ excited about lunch as now you order food yourself just don't spend alot of your money even though there are some nice things to eat :)! My favourite subject has been tech as you can make realy nice things. I would reccomend trampoline club when it comes out. A big problem of mine is confidence so at the start of the year try to seem confident to be confident. One thing you need to do is go to Ebbingham as it is a realy good experience, I realy liked going town and shopping. Some tips are: 1. drink water at the start of the year as it is hot, 2. don't be late and do your homework 3. Enjoy your time here !!

Have Fun

Dear Year 6's,

My name is Lily and right now I'm in 7S. I study French and Spanish and I get driven to school everyday.

When I first joined I was scared to make new friends but I went with the flow and I have now made lifelong friends. I was really excited for the summer so I could eat ice lollies everyday! My favourite subject is maths, as I have a really nice teacher and the lessons are chill (my teacher is Mr Magala). I also really like art because you do LOADS, and if you get Miss Hotham she will play music in the background. At the start of the year I did netball which was really good and I definitely recommend! My biggest challenge was homework but my tip is to do it as soon as it's set and get it out the way. There is an Ebbingham trip where you go to France for a week and do lots of activities, you get a room with your friends and try lots of new food.

3 TOP TIPS:

• Be nice to everyone

• Keep on top of all the homework.

• And chill year 7 is easy.

Hello my name is Carter I am 12 years old and I joined aes  
(anglo european school) on September 6 2023. Ever since I got  
here, the school has been amazing because each lesson is  
so much fun and teachers are really nice too. We have  
so many excellent languages such as German, Spanish,  
Russian, Italian, Arabic, Japanese, French, Mandarin. The best  
part about being in year 7 is that you get to @bburghem in  
France for 8 days and it's amazing. I can't wait to see  
you in September. I know you all are going to do amazing!!!

Hello! My name is Maisy and I'm in 7T. I am currently studying German and Spanish (they are great!) I get to school by car and walk down a path near the school! When I first joined, I was worried about getting lost! But when I joined, we got a map and teachers were OK with it if you were late. I was definitely most excited about making new friends since I love meeting new people and I've definitely achieved that. My favourite subject is History since the love of history runs in my family. I've grown up with it and loved it ever since! Clubs are a great thing to socialize & know more things, I've joined drama club with my friends which is great and is funny too as we make jokes and do acting. My biggest challenge was getting used to the timetable but you get a print out of it for you to look at. EBBLINGHEM WAS FANTASTIC!!. It's a truly great experience to stay in France

and travel, I shared a room with my friends which was amazing. (you take part in so many activities) My advice is 1) be kind as it will come back to you 2) check your timetable frequently and 3) the library is a place to definitely check out! Hope to see you at Anglo, bye!!
