

Anglo European Class of 2024 achieve outstanding results. Congratulations!

We are incredibly proud of our class of 2024; they have achieved great success, despite unprecedented disruption to their educational journey. These students had just one term of secondary education before the imposed lockdown and have worked incredibly hard to ensure the road to recovery has enabled them to achieve pre-pandemic levels of GCSE success. They have produced some tremendous results and have shown that hard work and dedication to your studies really pay off. The academic stamina, determination and commitment they have developed over these last few years, along with the incredible support and expertise afforded them by their teachers and professional support staff at Anglo, will enable them to build on firm foundations during their post 16 careers.

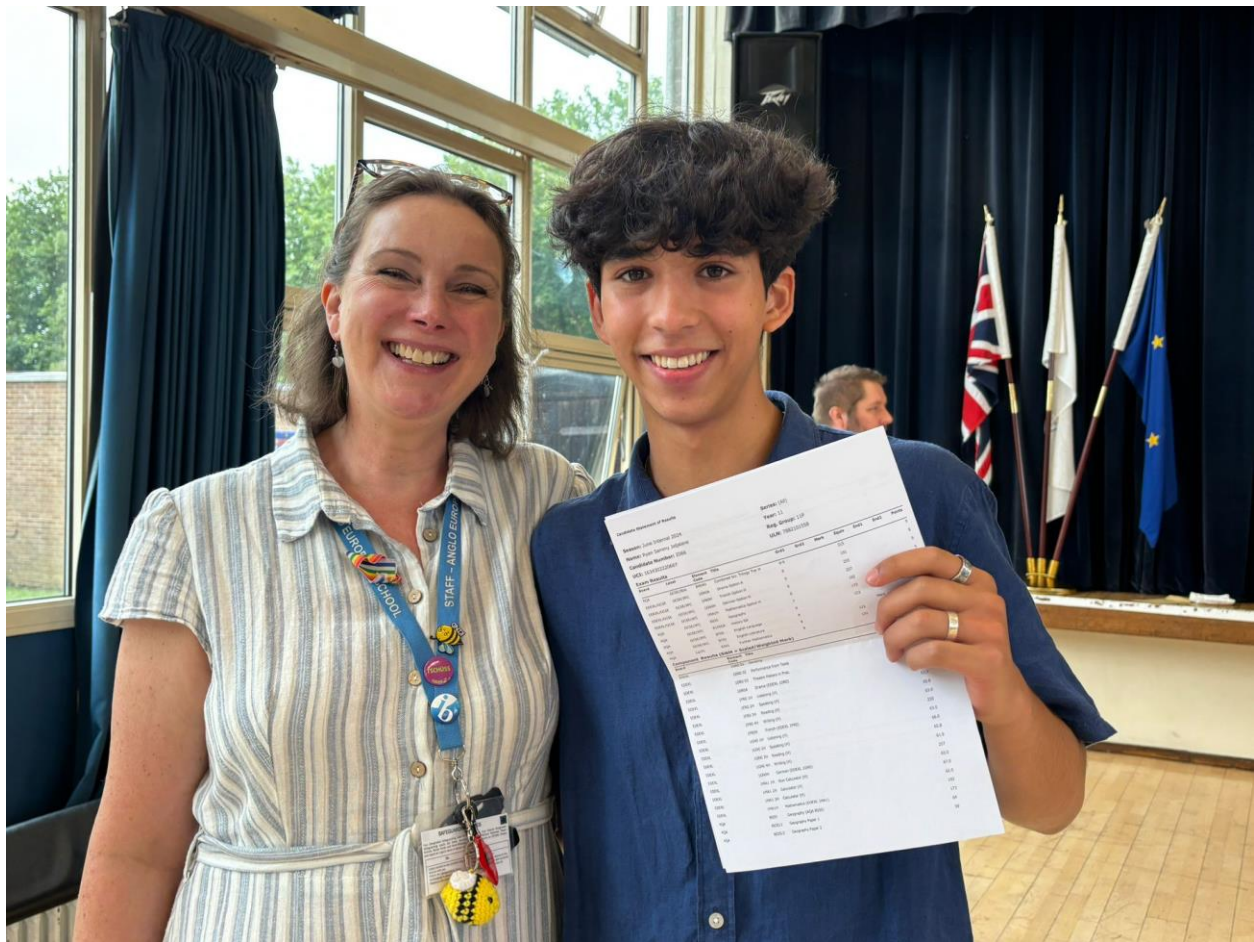

We look forward to inducting them into our outstanding international Sixth Form in September, along with those students who will join us from other schools and around the world. For those seeking pastures new, we wish them every success with their chosen pathways. Their

distinctively broad and international education at Anglo has ensured they will be well-prepared for whatever the future holds and will serve them well.

With the discovery of RAAC in E Block and the subsequent disruption to our site, these results are a testament to the hard work, hours of revision and great courage and resilience our students have shown throughout. I would like to extend my thanks and huge appreciation to all the staff – teachers and professional support staff, who have enabled such exceptional outcomes. The Anglo Family could not be prouder of their achievements today.

Thanks Mum!

Ryan received incredible results, all 11 GCSEs 9-7 with the highest progress score of his year. He matriculates with honours to Anglo's International Sixth Form to study the IBDP and is hoping to study mathematics, German and Philosophy at Higher and French, Physics and English Literature at Standard. His mother, Anglo's absolutely fabulous Senior Pastoral Manager said she was really thrilled with Ryan's results, having surpassed all expectations!

We are very grateful for the huge support that parents have given to this year group. We know the importance and impact of parental support during the examination years and, quite rightly,

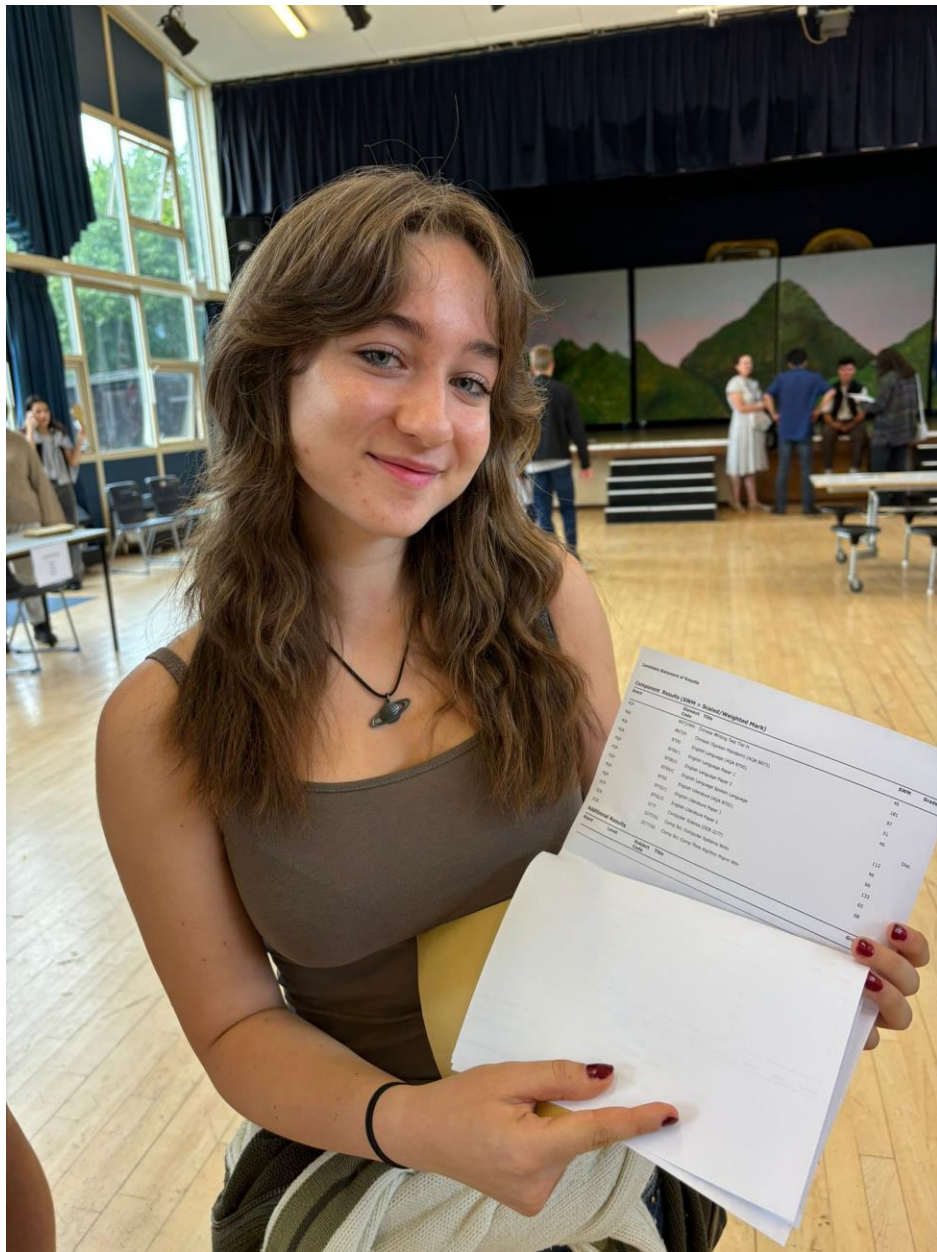

our parents shared this significant moment in our students' lives. It was definitely a "proud Mum" morning at Anglo; Oscar's Mum was thrilled with his amazing results. He will progress to study 4 A Levels in English, Spanish, Chemistry and Economics.

Proud Mum to Mell celebrated her achievement as a triple linguist, gaining fantastic outcomes in Portuguese, French and Spanish GCSEs. She hopes to progress to study 4 A Levels and a possible career in either medicine or Law. Mell will continue with her Spanish and hopes to join the Spanish exchange to Madrid for international work experience next year.

Zuzannah was absolutely thrilled with her GCSE outcomes and will progress to study the AIB route, pursuing A Levels in Mathematics, English Language and Literature and Russian, IBS Psychology and introductory Italian which will hopefully take her to Venice for International Work Experience.

Mrs Gee joined Mrs McDermott, our EAL specialist and AIB Curriculum Manager to congratulate Ngo Ling (Lucas) who joined us from Hong Kong in Year 10. He has matriculated for the sixth form today to study 4 A Levels in Mathematics, Physics, Business Studies and Computing, having achieved 10 GCSEs, with a 9 in Chinese, 7 in Mathematics and 6 in Physics. He also passed his English GCSE, having learnt the language in just over a year to access a broad and challenging curriculum. Mrs McDermott said, I am so proud of him, he has worked so hard every day to master the English language and to achieve such outstanding outcomes.”

He is joined by Sonya, who joined the Anglo European from Ukraine and gained all 10 GCSEs at grade 9-4. We are especially proud of these students who have overcome great personal adversity to join our Anglo Family and have worked tirelessly to ensure they benefit fully from this unique, international educational experience.

Many congratulations Anglo European Class of 2024. We are incredibly proud of you!

Mrs Gee
Headteacher
